JUNE 29, 2025 | THE BIBLE HOLDS UP ON... HISTORY

1. What is something you know about your own family's history that you're proud about?
2. What is something in your family legacy that you wish weren't a part of your story?
3. Read 1 Corinthians 15:1-20. Do you agree with Paul's opinion that the rest of our faith only matters if Jesus rose from the dead? Why or why not?
4. How comfortable do you feel relying on the historical validity of the Bible? Is it easy for you to trust that what it says is accurate, or do you have some concerns that something might be proven wrong?
5. If the Bible represents the historic legacy of your faith, how does that impact what God might be calling you to do with your future?
